SUMMARY

Graphic designer focused on visual identity, 3D and video. I build brands from brief to brand guidelines and use modeling, rendering, motion and editing to bring them into 3D scenes and social media content. I have worked with companies as a freelancer since 2025 and interned in design at Ecobrindes. Studying Graphic Design at IED, graduating in July 2027. Looking for an internship or junior role in São Paulo, hybrid or remote.

EXPERIENCE

Freelance Graphic Designer · Self-employed, São Paulo, Brazil — May 2025 to present

- Developed the visual identity of 3 brands (Prumo Estúdio, Hold Corretora and StratosDrive), with logo, visual system and brand guidelines.
- Designed and launched the institutional websites of Prumo Estúdio and Hold Corretora.
- Edited vertical videos for social media, with captions and animations.
- Handled client relations directly, from brief to delivery, including deadlines and revision rounds.

Design Intern · Ecobrindes — Dec 2024 to Jul 2025

- Created artwork for eco-friendly promotional products and corporate stationery for companies across many industries, from layout to final artwork.
- Produced artwork for social media and promotional materials.
- Prepared print-ready files, ensuring correct color, bleed and resolution.
- Retouched images and handled requests from several clients in parallel with the creative team.

FEATURED PROJECTS

Gazz Energy · Brand and 3D store · IED and Magazine Luiza challenge — 2025

- Created the brand for an energy drink and modeled the entire store in 3D in Blender, from logo to point of sale.

Sci-fi Alien · 3D scene and trailer · Personal project — 2026

- Modeled, lit and rendered a sci-fi lab in Blender across six shots and edited a 25-second narrated trailer.

HOOSH · Commercial · Filmsupply Editfest 2026 — 2026

- Conceived and edited in Premiere a 60-second commercial for a fictional hearing aid brand, with a Super 8 color treatment and sound design.
